Last but not the least, please mark down on your diary to participate and "Experience the Magic Journey of SJC" in our 20th Anniversary on 11 August 2007 altogether!

## ACT now for "Love of the Earth"

Our flagship project, Love of the Earth 2007 – BLOGreen in Action, was successfully kicked off on 1 April, 2007 at the World Trade Centre on a sunny and beautiful day. During that day, we announced the results of our survey done in March. The survey was targeted to 400 Form 1 to Form 5 students in 7 secondary schools on their knowledge on environmental awareness. We were glad that two of our project advisors/judges Mr. Jasper Ip and Mr. Ken Ching joined us to share their insights in the survey results and their experiences.

Our website <http://loe.sjc.org.hk> has been launched for almost a month now and we have received overwhelming responses. Our first topic on Waste Reduction ended on 29 April 2007 and the next topic on Energy Preservation is from 30 April to 27 May. Don't forget to visit our website to find out more about the sharing from our special guests Ms. Miriam Yeung, Mr. Simon Chau, Mr. Jasper Ip and Mr. Ken Ching. If you still haven't opened your blog accounts yet, don't wait! Act now!

## Appointment of International Affairs Officer

**FM Daisy Chow was successfully appointed as International Affairs Officer in April's Board Meeting. In the past few months, she has demonstrated her competence and enthusiasm in our beloved chapter. We are so glad to have her in our team. Learning by Doing! Wishing her has a more fruitful year and enjoy JC life!**

*I have joined SJC since September 2006. Although it was just a few months, I feel like it has been a long time. The time with SJC is very fruitful as I have met a lot of new friends. The friends are not only 'hi-bye' friends, but we share the joy and have mutual support. Each of them has their special talents that you can learn from. I have participated in organizing the Rowing Competition, Christmas Party and Love of the Earth Project. All of these activities had helped to enhance my skills in planning, risk management and interpersonal communication. I was very delighted to have the chance to participate more in the chapter after the appointment as an IA officer. I will organize the exchange program to Jiangmen and Japan in this year. I hope the cultural exchange can help to widen the horizon of members.*

*See you in our coming activities!*

*Daisy Chow, International Affairs Officer*

## Formal Visit to All China Youth Federation

*In this Easter Holiday (4 – 7 April), I have attended the Formal Visit to All China Youth Federation (ACYF) in Beijing organized by NOM. All the schedules were fully packed with meetings with Youth Organizations, reception dinner, business visit and sightseeing. Through this visit, I did understand better on the youth affairs, economic development and china affairs from the Youth Federation in Beijing. If you would like to build up your China networking, you can't miss it.*

## District Office Visit

**We were honored to have courtesy visits to Sha Tin District Officer and Sha Tin Social Welfare District Officer on 20 March, 2007. Through the visit, we can know more about the development and the planning of Sha Tin District.**

*President Jojo had introduced our projects and plan in 2007 and reported the major projects done in the past in both meetings. IPP Novel explained LOE Series in 2007 in more detail. PP Herman and VSCC Alex had reported to the officers on our CD projects. We had expressed our strong interest to cooperate with the Departments on the community development in Sha Tin District.*

*Our Patron, Mr. Andrew Lai, J.P. briefed us that the Sha Tin District Office would mainly focus on the support of District Council, 2008 Beijing Olympus and Olympic Equestrian. He strongly encouraged us to participate in these meaningful events. In addition, the District Office also worked on the Youth Leadership Development, which aligned with the Junior Chamber's mission as well. Another major project would be the registration of Sha Tin District as the "Healthy City and Safety Community" under World Health Organization.*

*Ms. Wong Ka Wing, Caran, District Social Welfare Officer (Sha Tin) with Assistant D.O. Ms. Jackie Chow and Mr. Thomas Leung, and her team presented to us the video of the summary of the services provided and projects done by Social Welfare Department (SWD). They had different year plans every year which mainly aligned with the Policy Address and Budget Plan of the year, Statistics and Research which reflected the needs of the community. Another important role of SWD was to line up different parties for strengthening the network and exposure in order to stimulate more ideas and build up the synergy and spirit.*

## May Happy Hour

*Lots of JC members and friends gathered in the bar in the Happy Hour Gathering held on Shower Bar at 19:00. Of course, most people were happy on Friday night as they didn't need to work on Saturday. Everyone felt really relaxed. That night, I felt happy and touched in receiving a birthday cake from SJC fellows, and that there were so many good friends around me. It was such a good birthday present! Thank you so much! I love SJC.*

## Dinner with Youth Federation of Jiangmen

*On Monday 2 April, 2007, fellow members from our friendly organization – The Youth Federation of Jiangmen ( YFJ) came to Hong Kong for friendly visit. Chairman Mr. Leung of YFJ shared his joy in meeting friends from SJC.*

*In the relaxed atmosphere, we had many excellent opportunities to talk about the past, present and future of the economics and culture development of Hong Kong and Jiangmen. After the dinner, we walked along the waterfront at Tsim Sha Tsui to show the glamorous night view of Hong Kong. We look forward to continuing the fruitful conversation with friends during the coming visit in June.*

## 2007 1st Extraordinary General Meeting (EGM) cum New Year Bonanza

## Business Seminar cum PMO

*I believe anyone who showed up in the Police Officers' Club, Causeway Bay on 25 March 2007 certainly had a great time. You probably have known yourselves quite a bit more from shaking hands with Mr. Francis Fan, the former police inspector. Mr. Fan's interactive style in conducting the seminar allowed participants to learn through sharing and discussion. His three second handshake personality test brought the occasion to a climax. The sincere sharing by NVP Senator Billy Ho and HLP Peter Lo were amazing too. Every attendee was eager to learn about Mr. Lo's interesting theory on matching with proper business partners. The seminar finally ended in applause.*

*The experience of being the OC members for the first time was definitely exciting for Woody and me. Under the guidance of President Jojo, SO Leo and MAD Edward and the leadership of Chairman Ellen, we gained practical experience in organizing events. I am sure the invaluable experience would help us to advance in our JC careers.*

*Vanessa Leung, Project Secretary*
